Rough Service

Long Life Light Bulbs

The Rough Service bulb features a special filament that withstands shock and vibration. It was designed exclusively for the automotive service industry. The brass base eliminates "freezing" or corroding in the socket; however, it will explode if it comes in contact with a liquid.

Super Toughcoat

Long Life Light Bulbs

Super Toughcoat's amazing silicon coating makes it the safest, sturdiest light bulb ever developed. Patented coating protects personnel and products from shattered glass caused by impact, dropping, unusual stress, contact with liquids and thermal shock. Brass base eliminates "freezing" or corroding in the socket.
